Trustee Report – Annette Hubick
Davidson Creek School Council
September 8, 2020

July 16 Board Meeting

To be ready for the September 1 Re-Entry, the board approved the use of reserves to hire more cleaning staff and purchase:

- j) PPE
- k) Sanitizer
- l) New Learning Management System called Brightspace, which replaces Google Classroom
- m) Curriculum materials from Edmonton Public for our K-9 at home learners

Public Board Meetings

All public board meetings will be live streamed. Trustees and staff have the choice to attend in person or online. To accommodate physical distancing, no members of the public will be able to attend these meetings with the exception of delegations (presentations to the board by the public). Procedures are being put in place to allow for delegations while maintaining safety.

Meeting packages are always posted the Monday prior to a Thursday board meeting. These packages include the recommendation and information reports provided to trustees.

Federal \$ for Safe School Re-Entry

- Province held \$12 million back to assist specific school boards experiencing spiking enrolment and then allocated the rest on a per student basis.
- Amounts to \$6.1 million for EIPS. Boards are permitted to spend these funds in four areas:
 - online learning and online teaching training
 - student transportation
 - increased cleaning and safety costs
 - increased teaching and substitute costs
- There are reporting requirements from boards to the province and from the province to the federal government.
- Administration is currently drafting recommendations for the board to consider. It is on the agenda to discuss at the board's retreat, our annual 2-day strategic meeting. All decisions will be made in a public board meeting.
- Note: estimates are that the division's sub costs will be approximately \$3 million above the norm.

EIPS Re-Entry Enrolment

As of Thursday, September 3, 2020:

- Total students: 17,052
- In-school: 14,892 (87.33%)
- Out-of-school: 1,992 (11.68%)
- No response/contact: 168 (0.99%)

EIPS School Re-Entry Plan & FAQ

- f) Whether it's due to changing government directives, plan refinements or wording clarification, both the EIPS Re-Entry Plan and FAQ documents are "living documents" and constantly being updated.
- g) An example is the daily Screening Questionnaire. Thankfully, the government made changes and it is much clearer.
- h) It's important to keep checking the website for the most recent version so that you have accurate information. Whenever changes are made, Communications notes the page and sections changed.
